

Soup kettle, warmer

Product Code: Soup kettle

Price: Rs450.00Rs

Short Description

A soup warmer features a cylindrical shape that's great for liquid-based foods

Description

A soup warmer features a cylindrical shape that's great for liquid-based foods because its rounded edges prevent contents from becoming stuck in corners. Each soup kettle is also compact in size, and can be conveniently set out in your buffet line or on your countertop. Place these warmers out in the dining room so guests can serve themselves, or use them in back-of-house to fill customers' orders.

Rent per day: 450 Rs
